

Good Morning Jon,

I would just like to say a quick thank you to you & the team for the great work you are doing down at Smitham. I have had a site visit today and the workmanship is extremely high, with an obvious attention to completing a quality electrical installation.

Ben, has spoken very highly of your support & management to the WDC/Phaze site team, including James Connell being an integral lynch pin.

With Smitham now approaching the critical commissioning period, I have no doubt you will give the project your utmost attention to finish on a high for Phaze, Willmott Dixon & the customer.

Many Thanks for making our lives easier.

Steve Laird

Jack

I would like you to pass on my thanks to Jon, Richard and Phil for all the hard work they have put in at Parmin Close, your team have been a pleasure to work with and have delivered a first class job and all of the Rydon team including the client have been very complementary about Phaze, special thank you to Rich who has gone out of his way to please and nothing has been to much trouble when asked to overcome any of the day to day issues we all encounter .

I very much look forward to working with you in the very near future.

Thanks again

Regards

Richard Witcombe
